

DIPANJAN KHATUA

Chandipur, Purba Medinipur, West Bengal | 6006381851 | dipanjankhatua3@gmail.com

PROFESSIONAL SUMMARY

Motivated BCA student with strong foundations in robotics, artificial intelligence, full-stack development, and cybersecurity. Experienced in building intelligent automation systems, AI-powered applications, and robotics-based solutions for real-world challenges. Strong problem-solving skills with multiple achievements in robotics competitions, hackathons, and technical events.

TECHNICAL SKILLS

Programming: Python, Data Structures & Algorithms (DSA)

Development: Full Stack Development, DBMS

Domains: Robotics, Artificial Intelligence, Automation, Cybersecurity

Tools & Concepts: AI Systems, Face Recognition, Dashboard Development, Smart Monitoring Systems

EDUCATION

Degree	Institution	Year
BCA	The Neotia University	2023 - Present
Higher Secondary	Iswarpur B. M. Academy	2023
Matriculation	Iswarpur B. M. Academy	2021

INTERNSHIP EXPERIENCE

Cybersecurity Intern – Webel | 6 Weeks

Worked on cybersecurity fundamentals, security awareness, and system protection concepts.

Digital Marketing Intern – Data Space Academy | 4 Weeks

Learned digital marketing strategies, online campaign management, and brand promotion techniques.

PROJECTS

RAKSHAK – Multi-terrain robotic system for military and disaster management applications.

Tech Stack: Robotics, Embedded Systems, Sensors, Automation

KrishiMitra AI – AI-powered agricultural chatbot and farmer support system.

Tech Stack: Python, AI Chatbot, NLP, Database Management

Sarthi – Phenotyping robot and dashboard for agricultural crop monitoring.

Tech Stack: Robotics, IoT, Dashboard Development, Sensor Integration

Attendance Management System – Face recognition-based attendance solution.

Tech Stack: Python, OpenCV, Face Recognition, DBMS

Smart Dustbin with AI – Waste segregation monitoring system for urban local bodies.

Tech Stack: AI Monitoring, Automation, Sensors, Smart Systems

ACHIEVEMENTS

- 1st Position – IEEE R10 Robotics Competition 2025
- 1st Position – Agrinova National Hackathon
- 1st Position – Roborace, Srijan26 (Jadavpur University)
- 1st Position – Line Follower, Tronix 2025
- 1st Position – Hackathon & Project Exhibition, Parikalpana Tech Fest
- 2nd Position – Robo Race, Innovacion (IEM Tech Fest)
